

October 2008

Important Note. Defined terms, which appear in bold in this document, shall have the same meaning as defined in the latest Dominion PCC Limited Offering Memorandum. Please refer to the Offering Memorandum for the definition of the Defined terms.

Investment Objective

The Fund aims to achieve above average capital appreciation over the medium to long term through the use of aggressive financial leveraging matched with controlled volatility and risk.

Investment Policy

The Fund invests 90% of the subscription money, together with twice the equivalent amount in borrowed funds, into the **Prudential Euro With Profits Fund**, and 10% into **Cash Instruments**.

The Fund matches currencies and both the **Investment Assets** and the **Cash Instruments** are denominated in Euro.

Risk Profile

Higher: the Fund utilises aggressive leveraging to increase the exposure to the **Investment Assets** of PX2 (€) Fund.

Subscription Asset Class Allocation

10%	Cash Instruments
90%	Prudential Euro With Profits Fund
180%	Leveraged component of the Investment Assets
